## Reasoning 1

**Pupil responses should show that they do not agree with Asha.**

### Modelled DAB Reasoning Responses

**D** – I do not agree with Asha.

**A** – The word king can begin with a capital letter.

**B** – We do not need to use a capital letter when king is used as a common noun e.g. We saw the king in his castle. We do need to use a capital letter when we are referring to a king by name as it then becomes a proper noun, e.g. We saw King Edward in his castle.

## Reasoning 2

**Pupil responses should show that the statements are always true.**

### Modelled DAB Reasoning Response

**D** – Always

**A** – A proper noun begins with a capital letter and a capital letter is needed at the start of every sentence.

**B** – We use capital letters for proper nouns – names, places, days, months etc. and we begin each sentence with a capital letter to show a new sentence has started.

## Reasoning 3

**Pupil responses should show that Caleb is correct.**

### Modelled DAB Reasoning Response

**D** – Caleb is correct.

**A** – A capital letter is not only used at the start of a sentence and for a proper noun.

**B** – We also use capital letters for the word 'I'.

## Reasoning 4

Pupil responses should show that the grammar of 'park' is correct in both of Anita's sentences.

### Modelled DAB Reasoning Response

**D** – 'park' is grammatically correct in both of Anita's sentences.

**A** – Park does not need a capital letter in the first sentence but it does in the second.

**B** – In the first sentence, Anita uses park as a common noun so it does not need a capital letter. In her second sentence, she gives the name of the park so she is using it as a proper noun which means it does need a capital letter.
